3114 Dual Action Tamp

Primary Applicator

Model 3114 DAT

3114 Dual Action Tamp Primary Applicator Specifications

The Label-Aire® Model 3114 Dual Action Tamp (DAT) Primary Applicator makes dual panel labeling even easier.

The NEW Label-Aire Model 3114 represents the ultimate in dual action tamp pressure-sensitive labeling technology.

The Model 3114 Dual Action Tamp labeler is simply the most advanced two-panel labeler on the market with its intelligent controller, impressive speeds, and high accuracy.

The user-friendly 3114 Dual Action Tamp features Automatic label setup, Quick-Action collapsible rewind, and a large R3 digital display that is Rotatable, Remoteable, and very Readable. Adding to its versatility, the 3114 Dual Action Tamp can be oriented nose-up, nose-down or reels-up. With five onboard user-selectable languages, domestic or CE (European) configurations, and standard/metric unit display, the 3114 Dual Action Tamp can handle almost any PS labeling application on the planet.

3114 DAT Advanced Features	
Automatic setup	Includes multiple programmable label pages for easy change-overs to different label sizes.
R3 digital display	With five languages (English, French, German, Italian, Spanish) and detailed alarm message.
Quick-Action collapsible rewind	For easy removal of scrap liner.
Optional smart powered rewind	For improved label accuracy and dynamic web tension control.
